OBJECTIVE

- My goal is to become associated with a reputed organization where I can effectively utilize my technical skills and academic knowledge, gain valuable industry experience, and continuously improve my abilities. I aim to contribute positively to the organization's productivity and growth while building a strong foundation for my professional career in the IT industry.

ACADEMIC PROJECTS

Project : Save our sole(SOS) – Mobile Application and wearable device for Personal safety

Description :This project introduces a smart SOS alert system that works even without a smartphone or internet connection.It combines a Flutter-based mobile app with an IoT hardware setup using ESP32, GSM, and GPS modules to send real-time location details via SMS to a pre-set emergency contact. The SOS number can be easily updated through a Bluetooth-enabled app, making the system flexible and user-friendly. Unlike traditional SOS apps that depend on internet connectivity, this solution functions as an independent emergency device that can send alerts even when the phone is off.

TECHNICAL SKILL SET

HTML | C | C++ | SQL | Python (beginner level) | Canva | Web Design |

EDUCATION

- BACHLOR OF INFORMATION TECHNOLOGY |Mumbai University,Mumbai | [2023 -2026] Pursing
- HSC | BANDODKAR COLLEGE OF SCIENCE ,THANE | 2022-2023 | [63.00%]
- SSC | SARASWATI SECONDARY SCHOOL , NAUPADA THANE | 2020-2021 |[90.60%]

CERTIFICATIONS

- MS-CIT |Keerti institued | [2024-25]
- WEB DESIGNING WITH HTML AND HTML5 |learnvern | [2025-26]
- Advanced Web Development Capstone | Nexcore Alliance |

LANGUAGES

- English
- Marathi
- Hlndi

DECLARATION

- I here by declare that the above details furnished are true and correct to the best of my knowledge and belief.
